

Lanzo RepDisplay – “Show cages”

As we do with our terrariums and rack systems we also set new benchmarks and standards for the herpers community with our RepDisplays.

Certainly you've encountered one of our RepDisplays at some show or expo before. Many leading breeders from Germany and abroad make use of our reptile presentation modules and benefit from the appealing, highly attractive design which guarantees maximum attention at every show!

New from December 2008

Eventually it's available: We'd like to introduce our new RepDisplay, just in time for the expo season 2009. Truly the conspicuous eyecatcher for every reptile show! Each of the three illuminated layers is a standalone unit and can be carried individually! Easy and safe.

Every one of the three layers integrates a T5 flat design lamp with a daylight fluorescent tube.

The glass-clear stages made from acrylic glass have a height of 20 cm and a depth of 10 cm providing complete insight from the front and from above.

Exterior dimensions: ca. 90 cm wide x 40 cm deep x 66 cm high

Price: 675.00 € including lighting!

All prices incl. 19% VAT, packing and shipment extra!
